Investing in families to inspire passion for our natural resources through outdoor recreation!

Families will have the opportunity to explore, shooting sports, fishing, paddle sports, hiking, camping and more! The clinic is hosted by the Wildlife and Freshwater Fisheries and State Parks divisions of the Alabama Department of Conservation and Natural Resources. The clinic is designed to spark the desire to learn more about recreational activities in Alabama's great outdoors. In the fall, families will have an opportunity to choose classes and explore those activities more in-depth over a full weekend program.
